202. Program Overview.

The HOPE Scholarship Program for students attending private institutions was created beginning with the 1996-1997 Award Year (Fiscal Year 1997). The program is fully funded by the Georgia Lottery for Education and administered by the Georgia Student Finance Commission. Eligible students seeking a college degree from an eligible private college or university located within the State of Georgia may receive HOPE Scholarship funds of \$1000 per quarter/\$1500 per semester for Full-Time Enrollment or \$500 per quarter/\$750 per semester for Half-Time Enrollment. The HOPE Scholarship is a merit-based scholarship program with specific academic and grade average requirements. The purpose of the HOPE Scholarship Program is to encourage academic achievement of Georgians attending secondary and postsecondary institutions in Georgia.

The Official Code of Georgia Annotated § 20-3-519.11 authorizes the Georgia Student Finance Commission to promulgate rules and regulations relating to the HOPE Scholarship Program that are not inconsistent with the provisions of the Official Code of Georgia Annotated § 20-3-519 et. seq., in its entirety.

203. Definitions.

“Academic Year” means a period of time, usually eight or nine months, during which a Full-Time student would normally be expected to complete the equivalent of two semesters or three quarters of instruction.

“Accel Program” means a program funded by the Georgia Lottery and administered by the Georgia Student Finance Commission to assist students who are simultaneously attending an Eligible High School in Georgia and taking college Degree level courses from an Eligible Postsecondary Institution in Georgia as a Dual Credit student.

“Accrediting Agency” means an association or agency recognized and approved by the Commission to function as an evaluator of the quality of the educational institutions and programs as described in these regulations.

“Advanced Placement” or “AP” means a nationwide program and testing service provided by the College Board that offers high school students the opportunity to receive credit from the college they will attend for standardized course work taken while in high school in certain subject areas.

“Alternative Study” means course work included in college Degree credit-earning programs of study that require travel outside of the State of Georgia, but within the United States.

“Appeal” means a formal written request from a student to the Commission for a review to determine if a HOPE rule, policy, or regulation was applied correctly in the student’s specific case.

“Associate Degree” means a two-year college level Degree conferred on students by a postsecondary institution upon completion of a unified program of study in an academic discipline or major at the Undergraduate level. Associate Degrees typically require a student to earn at least 60 semester or 90 quarter hours of college credit.

“Attempted-Hours” means the number of college Degree level quarter or semester hours, after high school graduation or equivalent, for which a postsecondary student was Enrolled. The number of Attempted-Hours is used to determine when the Postsecondary Cumulative Grade Point Average should be checked for the renewal of the HOPE Scholarship program and to determine when a student has reached his or her maximum hours of eligibility for the HOPE Scholarship program. The number of college Degree level credit hours attempted by a student while participating in the Accel Scholarship program, or attempted by any student prior to high school graduation, are not considered to be Attempted-Hours for purposes of the HOPE Scholarship program. For a student who did not earn a high school diploma or equivalent, and is otherwise eligible to enter the HOPE Scholarship at the Second-Tier or higher, Degree level credit

hours are counted as Attempted-Hours at the point the student stopped pursuing a high school diploma. Credit hours are considered Attempted-Hours regardless of whether or not the course was completed, the hours were earned, or a letter grade was recorded on the student's official academic transcript. Such hours are considered Attempted-Hours regardless of whether or not the student receives payment for those hours from the HOPE Program. For purposes of HOPE Scholarship eligibility, credit hours attempted as part of a technical Certificate or Diploma program of study are only counted as Attempted-Hours if a postsecondary institution ever accepted those hours as credit hours toward a college Degree. Courses that appear on a student's transcript with no credit hours will be assigned 3 semester or 5 quarter credit hours for the purpose of determining a student's Attempted-Hours unless the Eligible Postsecondary Institution's official college catalog lists the course as a zero-credit course. Credit hours earned by examination are not counted as Attempted-Hours. Students transferring from Certificate or Diploma programs into Associate of Applied Science (AAS) or Bachelor of Applied Science (BAS) Degree programs receive a "block" of credit hours for course work taken in the Certificate or Diploma program, rather than on a course-by-course basis. In order to determine the number of Attempted-Hours for purposes of HOPE Scholarship eligibility, the value of the "block" of credit hours is dependent upon the number of hours the student is required to complete in order to receive an AAS or BAS degree. The Postsecondary Cumulative Grade Point Average is based on the cumulative grade point average for the full "block" of credit hours. Credit hours earned as a result of military training or experience are not counted as Attempted-Hours, unless such hours were granted or accepted as Degree credit by any postsecondary institution that is separate and independent of the military.

"Audit Student" means a student who Enrolls in a course for personal development and who does not earn college Degree level credit or a grade for the course.

"Award Year" means four consecutive quarters or three consecutive semesters, beginning with the summer term and ending with the spring term.

"Award-Year Reconciliation" means a final student-by-student reconciliation conducted by Eligible Postsecondary Institutions with the Commission, following the completion of an Award Year for the HOPE Scholarship Program.

"Baccalaureate Degree" means a four-year college level Degree conferred on students by a postsecondary institution upon completion of a unified program of study in an academic discipline or major at the Undergraduate level. Baccalaureate (Bachelor's) Degrees typically require a student to earn at least 120 semester or 180 quarter hours of college credit.

Once any Eligible Postsecondary Institution has been approved by the United States Department of Education for participation in the Federal Title IV Programs and then such approval is suspended or revoked by the United States Department of Education; such institution is ineligible to participate in the HOPE programs until approval for participation in Federal Title IV Programs has been restored by the United State Department of Education.

“End-of-Spring Checkpoint” means a Checkpoint, taking place at the end of the Spring semester or quarter, at which HOPE Scholarship recipients must have at least a 3.0 Postsecondary Cumulative Grade Point Average on a 4.0 scale in order to continue receiving payment for following school term(s). “HOPE” means Helping Outstanding Pupils Educationally, a State of Georgia student financial aid program administered by the Commission to provide non-repayable scholarship and grant assistance to residents of Georgia attending Eligible Postsecondary Institutions in Georgia. Examples of Mandatory Fees are: activity, athletic, health and transportation. Technology fees are eligible for HOPE payment at USG institutions, but not at DTAE institutions. The Mandatory Fees are capped at the same amount allowed for the 2003-2004 Award Year at each institution. If a specific fee is reduced or eliminated, the amount of the Mandatory Fee cap will be reduced by an equal amount. For any eligible

The Paid-Hours limit for HOPE Grant eligibility is determined by totaling only the hours for which a student received HOPE Grant payment. The hours for which a student received HOPE Grant payment prior to the Summer term of 2003 are not counted as Paid-Hours. The hours for which a student received HOPE Grant payment for the Summer term of 2003, Fall term of 2003, Winter term of 2004, Spring term of 2004, and Summer term of 2004 are counted as Paid-Hours, except if the student was also attending high school during these terms. A traditional 4.0 scale is defined as 4.00 = A+, A, A-, 90.00 or above, 3.00 = B+, B, B-, 80.00 – 89.99, 2.00 = C+, C, C-, 70.00 – 79.99, 1.00 = D+, D, D-, 60.00-69.99 and 0 = F, 59.99 or below. All Degree hours (Attempted-Hours) and corresponding grades attempted after high school graduation, and only Degree hours and corresponding grades attempted after high school graduation, must be included in the calculation.

The Second-Tier may or may not exactly correlate with the institution’s classification of the student as a college sophomore. - b. Degree hours appearing on a student's transcript as "incomplete", and all other situations in which grades are temporarily unavailable (i.e. overlapping terms, late transcripts from Transient course work, etc.), must be counted when determining the student's number of Attempted-Hours, but are not included in the calculation of Quality Points when determining the Postsecondary Cumulative Grade Point Average. A student's HOPE Scholarship eligibility should be evaluated at each Checkpoint, based on the Postsecondary Cumulative Grade Point Average at that Checkpoint. If the student was denied, but later becomes eligible when the grade is eventually reported, the student is eligible to receive HOPE Scholarship payment

retroactively. If the student was awarded at a Checkpoint, but later becomes ineligible when the grade is eventually reported, then HOPE Scholarship awards must be canceled until the next Checkpoint and the student and the Commission must be notified by the institution that the student owes a repayment of the HOPE Scholarship funds received since the previous Checkpoint. The Home Institution is responsible for verifying the eligibility of their Transient students. The HOPE Scholarship award must be the amount the student would normally receive at the Host Institution if she or she were a regular student. The Host Institution must report HOPE Scholarship payment for Transient students to the Commission in the same manner it reports HOPE Scholarship payments for their regular students. - d. HOPE Scholarship payment must take place through the Home Institution, unless the student is participating in a Study Abroad program via another Eligible Postsecondary Institution serving as the student's Host Institution, then the Transient student process described in section 206.5. of these regulations must be followed. The Home Institution may also coordinate the Study Abroad program through institutions that are not Eligible Postsecondary Institutions. For example, the student's Home Institution may have an arrangement with an out-of-state institution's Study Abroad Program. In such cases, the HOPE Scholarship payment must take place through the Home Institution, which must be an Eligible Postsecondary Institution, and the student must be considered to be in a Matriculated status by his or her Home Institution.

206.7. Alternative Study Course Work.

- a. A student Enrolled in a Matriculated status at Eligible Postsecondary Institution may qualify for HOPE Scholarship payment while participating in an Alternative Study program. Alternative Study programs are college Degree

credit-earning programs of study that include travel outside the State of Georgia, but within the United States.

- a. A student must complete a GSFAPPS electronic application (for either the HOPE Scholarship or GTEG), or a paper HOPE Scholarship, HOPE Grant, and GTEG Application (printable from the GACollege411 web site), or a current year Free Application for Federal Student Aid (FAFSA) in order to be considered for HOPE Scholarship payment at a private Eligible Postsecondary Institution. Paper applications must be forwarded to the Commission for input into the electronic GSFAPPS system. It is only necessary for a student to complete one of these applications and no other form or application can serve as a substitute. In addition, a private Eligible Postsecondary Institution may require students to complete the institution's application for student financial aid or other forms to provide supplemental information for the purpose of determining HOPE Scholarship eligibility.
- b. The GSFAPPS, HOPE Scholarship, and GTEG applications are intended to be "lifetime" applications so long as there is activity on them. As such, a student's GSFAPPS and/or HOPE Scholarship and Grant application will remain active so long as the student has awards invoiced on the application within 18 months of the submission date and at least once every 18 months thereafter. If a student completed and submitted a GSFAPPS or HOPE Scholarship and Grant Application, and no invoice or award has been applied to such application for 18 consecutive months, then that application will expire and the student must reapply. In addition, if an invoice or award has been applied to a student's application and then no additional invoice or award is recorded for 18 consecutive months, the student's application will expire and he or she must reapply.
 1. If a student previously submitted an e-HOPE or e-GTEG application, it will serve as a valid current Award Year application for HOPE, as long as it has not expired after 18 months of inactivity.

- c. A student who applies for HOPE by completing and submitting a FAFSA must complete and submit a new FAFSA for each Award Year.

207.2. Application Deadline Date.

A student must file the application online or with the Eligible Postsecondary Institution's financial aid office on or before the last day of the school term (semester or quarter) or the student's withdrawal date, whichever occurs first, in order to be paid for that school term. The last day of the school term is the last day of classes or exams for the institution, whichever occurs later. Supplemental documentation required by the institution or the Commission to support or verify a student's application information may be submitted after the deadline without jeopardizing the student's eligibility.

207.3. Application Renewal.

It is not mandatory, except as provided for in 207.1.b. and c. of these regulations, for a student to complete a new application for the HOPE Scholarship for each Award Year, however, Eligible Postsecondary Institutions may require their students to complete a new application each Award Year for renewal of the HOPE Scholarship.

208. Award Requirements.

208.1. Full-Time Awards.

The HOPE Scholarship award amount for Full-Time students at private Eligible Postsecondary Institutions is \$3000 per Academic Year. An eligible student may receive payment for 3 semesters or 4 quarters during the Award Year, as follows:

	Quarter System:	Semester System:
Summer:	\$1000	\$1500
Fall:	\$1000	\$1500
Winter:	\$1000	-----
Spring:	\$1000	\$1500

208.2. Half-Time Awards.

The HOPE Scholarship award amount for Half-Time students at private Eligible Postsecondary Institutions is \$1500 per Academic Year. An eligible student may receive payment for 3 semesters or 4 quarters during the Award Year, as follows:

	Quarter System:	Semester System:
Summer:	\$500	\$750
Fall:	\$500	\$750
Winter:	\$500	-----
Spring:	\$500	\$750

208.3. Awards Per School Term.

The HOPE Scholarship is available to students for the standard school terms of Summer, Fall, and Spring semesters or Summer, Fall, Winter, and Spring quarters. An institution may combine mini-terms or modules to form the equivalent of a standard semester or quarter. An institution may offer non-standard school terms, in which courses or modules are taken consecutively to form the equivalent of a standard semester or quarter. Regardless of the structure of an Eligible Postsecondary Institution's school terms, a student may be awarded HOPE Scholarship funds for a maximum of three semesters or four quarters per Award Year.

208.4. Student Notification of Award.

Eligible Postsecondary Institutions, participating in the HOPE Scholarship Program, must include and identify HOPE Scholarship awards on each their recipient's institutional student financial aid award letter.

208.5. Adjustments to Award Amounts.

- a. HOPE Scholarship funds can only be applied to Tuition and fees, not other expenses such as room and board. If a student is receiving student aid from a source other than the HOPE Scholarship and such aid is required by the donor to be applied to the student's Tuition and fee charges, and such award plus the HOPE Scholarship funds are equal to or greater than the student's Tuition and fee charges, then the student's HOPE Scholarship award must be reduced so that the total aid is equal to the Tuition and fee charges.
- b. A student's HOPE Scholarship award amount is not reduced if the student is receiving aid that is applied to educational expenses other than Tuition and fees, even if the student's total aid exceeds the Cost of Attendance budget.

209. Invoicing Requirements.

209.1. Submission of Invoices.

Eligible Postsecondary Institutions may submit HOPE invoices to the Commission as early as 15 days prior to the first day of classes for the school term.

209.2. Payment of Invoices.

HOPE Scholarship funds are paid to Eligible Postsecondary Institutions by check or electronic transfer of funds on behalf of eligible students each school term upon submission to the Commission of a HOPE invoice.

209.3. Tuition and Fees Payments.

Upon receipt of HOPE payments from the Commission, the institution must credit the amount of payment on behalf of an eligible student to the account of the student, toward Tuition and fees charges.

210. Refund Requirements.

210.1. Calculation of Refund Amounts.

- a. If the student officially withdraws, drops out, drops hours, is expelled, or otherwise fails to complete a period of Enrollment, and is entitled to a refund, a portion of such refund may need to be returned to the HOPE fund. If the student was awarded a HOPE Scholarship, the Eligible Postsecondary Institution must determine the amount of the refund, post the refund on the student's record in the Commission's system within 45 days of the determination, and return that amount to the Commission at the time of the End-of-Year Reconciliation. The remainder of the HOPE award is retained by the institution to cover the institution's cost for the portion of the school term that the student was Enrolled.
- b. If a refund is due and the student did not receive Federal Title IV funds, then the institution's refund policy must be applied to the student's original HOPE Scholarship award to determine the amount to be returned to the HOPE fund.
- c. If the student received Federal Title IV funds, in addition to HOPE Scholarship funds, the institution must follow the Federal Title IV Return of Funds policy for any federal aid received. To determine the refund to HOPE, the institution must then follow its institutional refund policy, if different from Federal Title IV Return of Funds policy.

210.2. Collection of Refunds.

A student who owes a refund to the Commission should pay the Eligible Postsecondary Institution and the Eligible Postsecondary Institution should pay the Commission or, at its sole discretion, the Commission may require the student to pay the refund to the Commission. Nothing herein shall be deemed to prohibit the Commission or the Eligible Postsecondary Institution from using all available legal and equitable remedies to collect the refund.

210.3. Unavailable Evidence.

If later evidence not available at the time of awarding indicates that a student should not have received the HOPE Scholarship payment, then all future HOPE Scholarship awards must be canceled. The Eligible Postsecondary Institution is held harmless in Commission Program Reviews, if the student's file is appropriately documented with available evidence and it is determined by the Commission that the institution was not at fault. Evidence is considered unavailable at the time of awarding if it is not available in the student's institutional files (i.e. financial aid, admissions, registrar, etc.). The institution must notify the student and the Commission of a refund due. The student will be ineligible to receive additional state aid from the Commission until the refund is paid in full.

210.4. Emergency Military Duty.

A student who is a member of the U.S. Armed Services, National Guard, or Armed Forces Reserve receiving funds from the HOPE Scholarship Program who is called to emergency military duty during a school term that is already in progress should not have their HOPE Scholarship eligibility negatively impacted. If the Eligible Postsecondary Institution the student attends allows the student to totally withdraw and receive a grade such as “WM” for “military withdrawal” or the institution totally removes all grades for that term and corresponding credit hours from the student’s records, the institution should return the full amount of the Tuition and fee charges to the HOPE account. This regulation may also be applied to students who are not members of the military but are otherwise unusually and detrimentally affected by the emergency activation of members of the military, as determined by the president of the Eligible Postsecondary Institution that such student is attending.

211. Reconciliation Requirements.

211.1. Term-Reconciliation.

A Term-Reconciliation must be conducted by the Eligible Postsecondary Institution near the end of each term. A Term-Reconciliation consists of an official acknowledgement by an authorized school official that the number of students and amount invoiced and the number of students and amount disbursed, according to the SURFER system, is accurate on that date. HOPE funds for the following school term will not be disbursed until the Term-Reconciliation is complete. Surplus funds are not returned to the Commission as part of the Term-Reconciliation process.

211.2. Award-Year Reconciliation.

In addition to the Term-Reconciliations, the Eligible Postsecondary Institution must conduct the Award-Year Reconciliation. The institution must conduct a complete student-by-student Award-Year Reconciliation with the Commission, and submit a Reconciliation Certification Form to the Commission by July 15, immediately following the completion of the Award Year.

211.3. Return of Funds.

The institution must return to the Commission any HOPE funds not utilized according to the final reconciliation within 30 days of completing the Award-Year Reconciliation process. The institution must have a procedure in place to ensure that the HOPE funds do not go to an unintended third party (i.e. State, institution).

212. Records Retention Requirements.

212.1. Length of Retention.

An Eligible Postsecondary Institution shall maintain accurate records, books, documents and other evidence concerning the HOPE Scholarship Program, including, but not limited to individual student files for the later of three years after the Award Year in which the aid was awarded; or for such other period as required by an applicable statute, rule, or regulation; or such other time as requested in writing by the Commission.

212.2. Documentation.

Documentation contained within an individual student file or record, which supports the original determination of a student's eligibility made by the institution, should be transferred to the student's file or record for the most current Award Year. Such documentation may include, but is not limited to, copies of Alien Registration Receipt Cards, Georgia State Income Tax Returns, applications and academic transcripts from previous institutions. As an alternative to the original hard copies, institutions are permitted to maintain these documents in an imaged media format. The imaged media format must be capable of reproducing an accurate, legible, and complete copy of the original document.

212.3. Extended Retention.

An institution may be required to retain student records involved in a program review, audit, or investigation for more than the three-year retention period described above. If the three-year retention period expires before the issue in question is resolved, the institution must continue to retain all associated records until resolution is reached.

213. Appeals and Exceptions.

If a student wishes to Appeal a determination of eligibility made by an Eligible Postsecondary Institution or the Commission or to request an Exception to these regulations, then he or she must follow the HOPE Appeal and Exception Process.

213.1. Filing an Appeal or Exception.

In order for an Appeal or Exception to be considered, the student must write a request for an Appeal or an Exception to the Commission office within 45 days of receiving notice of denial. If additional information is requested from the student, it must be provided within the time frame specified by the Commission. The Commission decides a case based only on documentation provided, rather than a personal presentation.

213.2. Appeals.

The HOPE regulations are applied to each student considered for HOPE funds by appropriate officials of Eligible Postsecondary Institutions and by the administrative staff of the Commission. If a student believes a HOPE rule or regulation was incorrectly applied in his/her case, the student has the right to file an Appeal with the Commission. The Commission will review the case and determine whether the rule or regulation was applied correctly and notify the student and institution of the determination.

213.3. Exceptions.

In exceptional cases, the Board of Commissioners of the Commission has authorized the Commission staff to grant a HOPE award to a student who fails to meet the regulatory requirements for receiving HOPE funds. The Board of Commissioners and authorized Commission staff have sole discretion to grant an Exception based on the circumstances presented by a student who is requesting an Exception. Provided below are the guidelines for granting Exceptions as authorized by the Board of Commissioners. No student obtains a right to have his or her request for an Exception considered by the Commission. No student obtains a right to a HOPE award under any of these circumstances. Rather, the Commission staff reviews the circumstances to determine if, in its sole judgment, a student may receive HOPE payment despite not having fulfilled the regulatory requirements for receiving the award. No student obtains a right to Appeal the denial of an Exception.

213.4. Authorized Staff Approval.

In the event that any of the circumstances outlined below are met, the Board of Commissioners authorizes the Commission staff to allow the student to continue to receive funding from the HOPE Program. A summary of the determinations

made by the staff, as outlined below as Guidelines A1-A11, shall be presented to the Public Policy and Law Committee of the Board of Commissioners for review and to the full Board for ratification. By empowering the Commission staff to allow funding immediately, the student is better served in these circumstances. It is understood that the requests for an Exception that meets the criteria outlined as Guidelines A1-A11 shall automatically receive approval from the Board of Commissioners in a formal vote for ratification. The Commission should notify students of the Commission staff decisions within 21 days of the date of receipt of the letter.

Exceptions granted by applying Guidelines A1 - A11 or by applying the Special Criteria provision of these regulations may provide for the forgiveness of postsecondary Attempted-Hours, but in no case or circumstance shall a student's postsecondary grade(s), as determined by the student's postsecondary institution, be forgiven or altered by the Board of Commissioners or by Commission staff, as part of the HOPE Appeals and Exception Process.

A1 Early Admission Exceptions may be granted so that a student becomes eligible to receive a HOPE Scholarship without having earned a high school diploma, when all required documentation, as outlined in these regulations, is received and:

- the student has completed the 11th grade; and
- the student has a high school grade point average through the 11th grade of at least a 3.2 on a 4.0 scale in the college preparatory core curriculum courses; and
- the student has a combined Verbal and Math SAT score of at least 1300 or an ACT score of at least 29.

With regard to an Early Admission Exception request, any request for an Exception from a student who has not yet completed the 11th grade, or who does not have a high school grade point average of at least a 3.2 on the 4.0 scale in the core curriculum courses of the college preparatory track, or who does not score at least 1300 on the SAT or 29 on the ACT must be evaluated by the staff using the "Early Admission Evaluation Factors" of these regulations.

A2 Requests for an Exception may be granted for a HOPE Scholar who has reached a HOPE Scholarship Checkpoint and lost HOPE eligibility without yet earning a Postsecondary Cumulative Grade Point Average or a student who has reached an Attempted-Hours Checkpoint for entry into the HOPE Scholarship Program without yet earning a Postsecondary Cumulative Grade Point Average, if the student has at least a 3.0 Postsecondary Cumulative Grade Point Average after attempting 12

hours of course work for which he or she received letter grades (A=4.0, B=3.0, C=2.0, D=1.0, F=0.0).

Such an Exception provides for HOPE Scholarship retroactive payment from the point at which the student lost HOPE eligibility or from the point at which the student reached an Attempted-Hours Checkpoint for entry into the program. Additionally, hours from which the student withdrew may be forgiven if extenuating circumstances (Serious Injury, Serious Illness or Death of an Immediate Family Member) are present so that by forgiving the hours from which the student withdrew, the student's total length of eligibility for HOPE is extended.

A3 Requests for an Exception may be granted for a HOPE Scholarship recipient who has exceeded the hours limitation for the HOPE Scholarship, so that by forgiving the hours from which the student withdrew, the student's total length of eligibility for HOPE is extended, if:

- the student completely withdrew from all courses during a term due to a Serious Illness, Serious Injury, or death in the Immediate Family; and
- the student has maintained a 3.0 Postsecondary Cumulative Grade Point Average or higher at all HOPE Checkpoints.

A4 Requests for an Exception may be granted for a HOPE Scholarship recipient who lost HOPE Scholarship eligibility at a HOPE Checkpoint due to a total withdrawal from a term, if:

- the student completely withdrew from all courses during a term due to a Serious Illness, Serious Injury, or death in the Immediate Family; and
- the student has a 3.0 Postsecondary Cumulative Grade Point Average at the new Attempted-Hours Checkpoint (withdrawal hours not included).

By forgiving the hours from which the student withdrew, the student's Attempted-Hours Checkpoint is delayed by a term or terms and the student's total length of eligibility for HOPE is extended. In this circumstance, it is necessary to wait for another term or terms of grades to be posted to determine if the student achieves a 3.0 Postsecondary Cumulative Grade Point Average at the new Attempted-Hours Checkpoint (once hours are forgiven). If the student achieves a 3.0 Postsecondary Cumulative Grade Point Average after that term, the student is eligible to retain HOPE and to be reimbursed from the point at which the student lost HOPE eligibility.

A5 Requests for an Exception may be granted for a HOPE Scholarship recipient who has been treated pharmacologically for a psychiatric

disorder, so that by forgiving the hours from which the student withdrew, the student's total length of eligibility for HOPE is extended, if:

- the student completely withdrew from all courses during the term in question and received pharmacological treatment during that term; and
- the student remains academically eligible to receive the HOPE Scholarship.

A6 (Intentionally left blank.)

A7 Requests for an Exception may be granted for a HOPE Scholarship recipient who withdrew from all courses during a term because the student was required to provide temporary care for an Immediate Family member, so that by forgiving the hours from which the student withdrew, the student's total length of eligibility for HOPE is extended, if:

- the student can show that no one else was able to provide the care; and
- the student remains academically eligible to receive the HOPE Scholarship.

A8 Early Admission Exception may be granted, so that a student becomes eligible to receive HOPE Scholarship funds without having earned a high school diploma, if all required documentation, as outlined in these regulations, is received and the student was admitted by the Eligible Postsecondary Institution as an Early Admission student, and since such admission, the student has attempted at least 30 semester/45 quarter hours of college degree credit and has reached an Attempted-Hours Checkpoint with a 3.0 Postsecondary Cumulative Grade Point Average.

A9 Requests for an Exception may be granted for a HOPE Scholarship recipient who lost HOPE at an Attempted-Hours Checkpoint or exceeded the hours limitation during a term with a partial withdrawal if:

- the student experienced a Serious Illness, Serious Injury, or Death in the Immediate Family, but did not completely withdraw from all courses because the student's instructor(s) allowed the student to take an "incomplete" in the course(s) or the Eligible Postsecondary Institution made it compulsory for the student to withdraw from the course(s) ; and
- the student has a 3.0 Postsecondary Cumulative Grade Point Average at the new Attempted-Hours Checkpoint (once hours are forgiven and all "incomplete" grades are reported).

By forgiving the hours from which the student withdrew, the student's Attempted-Hours Checkpoint is delayed by a term or terms and the student's total length of eligibility for HOPE is extended. In this circumstance, it is necessary to wait for another term or terms of grades to be posted to determine if the student achieves a 3.0 Postsecondary Cumulative Grade Point Average at the new Attempted-Hours Checkpoint (withdrawal hours not included). If the student achieves a 3.0 Postsecondary Cumulative Grade Point Average after that term, the student is eligible to retain HOPE and to be reimbursed from the point at which the student lost HOPE eligibility.

A10 Requests for an Exception may be granted for a HOPE Scholarship recipient who lost HOPE at an End-of-Spring or Three-Term Checkpoint with a Postsecondary Cumulative Grade Point Average greater than 0.00 but less than 3.0 due to a total withdrawal from a term, if

- the student completely withdrew from all courses during a term due to a Serious Illness, Serious Injury, or death in the Immediate Family; and
- the student has a 3.0 Postsecondary Cumulative Grade Point Average at the next Attempted-Hours Checkpoint (withdrawal hours not included).

By forgiving the hours from which the student withdrew the student's total length of eligibility for HOPE is extended. In this circumstance, it is necessary to wait for another term or terms of grades to be posted to determine if the student achieves a 3.0 Postsecondary Cumulative Grade Point Average at the next Attempted-Hours Checkpoint (withdrawal hours not included).

A11 Requests for an Exception may be granted for HOPE Scholarship recipients who lost HOPE at an End-of-Spring or Three-Term Checkpoint with a Postsecondary Cumulative Grade Point Average greater than 0.00 but less than 3.0 or exceeded the hours limitation during a term with a partial withdrawal, if:

- the student experienced a Serious Illness, Serious Injury, or Death in the Immediate Family, but did not completely withdraw from all courses because one or more of the student's professors allowed the student to take an "incomplete" in the course(s) or the Eligible Postsecondary Institution made it compulsory for the student to withdraw from the course(s) ; and
- the student has a 3.0 Postsecondary Cumulative Grade Point Average at the next Attempted-Hours Checkpoint (withdrawal hours not included and all "incomplete" grades are reported).

By forgiving the hours from which the student withdrew the student's total length of eligibility for HOPE is extended. In this circumstance, it is necessary to wait for another term or terms of grades to be posted to determine if the student achieves a 3.0 Postsecondary Cumulative Grade Point Average at the next Attempted-Hours Checkpoint (withdrawal hours not included).

213.5. Authorized Staff Denials.

Commission staff is authorized to deny a request for an Exception as outlined below in Guidelines D1-D9. The Commission should notify the student of the decision within 21 days of the date of receipt of the letter.

- D1 Regardless of the extenuating circumstances, a request for an Exception shall be denied if it is Mathematically Impossible for the student to have a 3.0 Postsecondary Cumulative Grade Point Average at the new 30- 60- or 90- semester-hour (45- 90- or 135-quarter-hour) HOPE Checkpoint, even after withdrawal hours are forgiven.

- D2 Regardless of the extenuating circumstances, a request for an Exception may be denied if the student does not provide a request for an Exception in writing within 45 calendar days of receiving notice of ineligibility for the HOPE Scholarship (usually provided to the student by the financial aid office of the Eligible Postsecondary Institution).

- D3 Requests for an Exception shall be denied when the basis of the request is the diagnosis of or presence of a learning disability.

- D4 Requests for an Exception shall be denied when the basis of the request is the Serious Injury, Serious Illness, or Death of a family member if the family member is not an Immediate Family member.

- D5 Requests for an Exception shall be denied when the basis of the request is an automobile accident, which damaged the student's car but did not injure the student severely enough to cause the student to withdraw from classes.

- D6 (Intentionally left blank.)

- D7 Requests for an Exception shall be denied if a student who has been diagnosed with a psychiatric disorder was not treated pharmacologically for the psychiatric disorder.

- D8 Requests for an Exception shall be denied when a student who withdrew from all courses during a term to provide temporary care for an Immediate Family member if other family members could have provided the care or if the student is no longer academically eligible to receive the HOPE Scholarship.

- D9 Requests for an exception shall be denied if the student did not completely withdraw from the term in question, except as provided for by Approval Guidelines A9 and A11.

213.6. Special Criteria.

The Board of Commissioners recognizes that from time to time there will be requests for an Exception that do not fit into any category outlined above. In this circumstance, the staff is hereby authorized to make a determination using their own judgment and either grant a request for an Exception or deny a request for an Exception. The staff shall advise the Public Policy and Law Committee of the Board of Commissioners of their actions, in summary form, when the Committee meets. At that time, the Committee may comment to the staff to provide guidance in how to review similar circumstances in the future or reverse the staff's denial of a request for an exception, thereby awarding the student.

The Special Criteria provision is not intended to provide the Board of Commissioners or Commission staff with carte blanche or unconditional authority to grant exceptions without regard to precedence or the restrictions of these regulations.

213.7. Early Admissions Evaluation Factors.

- a. The student's letter should fully explain the circumstances of the request for an Exception and should reflect the maturity of a college Freshman. The list of honors should demonstrate the student's status as an exceptional young person.
- b. The letter from the principal or headmaster must convince the Commission staff that the student is academically and emotionally prepared to be successful in college and that the student will or would have graduated from high school as a HOPE Scholar.
- c. All transcripts beginning with the 9th grade and including all schools attended must be received. All schools attended must be approved as accredited schools eligible to identify HOPE Scholars. The transcripts should convince the Commission staff that the student has successfully completed sufficient academic or core course work to demonstrate that he or she is easily capable of completing the high school requirements with a "B" or higher average in the core curriculum subjects.
- d. Postsecondary academic transcripts must be official copies. The course work taken and the grade earned should convince the Commission staff that the student is capable of successfully doing college level work. Letters of recommendation from postsecondary officials should not only promote the student's academic ability but also reflect the student's social maturity level.

- e. The letter from the Admissions Office should clearly state that the college is fully accepting the student as an Early Admission student, though the student has not yet completed the high school graduation requirements or does not plan to ever complete the high school graduation requirements.

214. Program Reviews.

The Commission shall conduct Program Reviews of Eligible Postsecondary Institutions participating in the HOPE Scholarship Program in order to assess institutional administration of the program and compliance with the program's regulations. The Commission selects a sampling of the institution's HOPE Scholarship recipients, for the Award Year under review, and the institution's files and records for the sample are examined to assure compliance. If a recipient is determined to have been ineligible for payment, the institution or the recipient may be required to repay to the Commission the HOPE Scholarship funds awarded to the recipient.

The Commission's State Program Review Policy and Procedure document provide detailed information regarding the Program Review process.
