902. Program Overview.

The purpose of the Accel Program is to offer Georgia public and private high school students the opportunity to earn credit hours toward an Associate or Baccalaureate Degree, as they simultaneously meet their high school graduation requirements as a Dual Credit Enrollment student, by providing financial assistance toward their postsecondary educational costs.

The Accel Program is funded by the Georgia Lottery for Education and administered by the Georgia Student Finance Commission, referred to in these regulations as the "Commission". The program was established beginning with the 2004-2005 Award Year. The award amount received by eligible students and the total amount of lottery funds appropriated for the program are established each year by the Georgia General Assembly during the preceding legislative session, and are subject to change during the Award Year.

In order to be eligible for Accel funds, a high school student must be Enrolled in coursework leading to an Associate or Baccalaureate Degree. A high school student cannot receive assistance from the Accel Program for postsecondary courses that are part of a technical Certificate or Diploma programs of study. However, a high school student may receive assistance from the HOPE Grant Program, rather than Accel, for courses that are part of a technical Certificate or Diploma program of study.

Additional information is provided in *Section 915. Appendix – Student Participation Guidelines and Considerations* of these regulations, which may be helpful to students considering participation in the Accel Program.

- c. A student taking coursework at his or her Home Institution and a Host Institution during the same school term is eligible for Accel payment at both institutions.

906.6. Study Abroad Coursework.

A student Enrolled in an Eligible Postsecondary Institution may qualify for Accel payment while participating in a Study Abroad program. The student's Home

Institution must be an Eligible Postsecondary Institution and must approve the Study Abroad program for credit toward the student's Degree program prior to the student's departure. The Accel payment must take place through the Home Institution, unless the student is participating in a Study Abroad program via another Eligible Postsecondary Institution, then the process for Transient students is used. (Refer to *Section 906.5*.) The Home Institution may coordinate the Study Abroad program through institutions that are not eligible to participate in the Accel program. For example, the student's Home Institution may have an arrangement with an out-of-state institution's Study Abroad Program.

906.7. Alternative Study Coursework.

A student Enrolled in an Eligible Postsecondary Institution may qualify for Accel payment while participating in an Alternative Study program. Alternative Study programs may be in conjunction with postsecondary institutions in other states. For example, a student's Home Institution, which must be an Eligible Postsecondary Institution in Georgia, may have an arrangement with a postsecondary institution in another state in which a group of their students spend the summer term at the out-of-state institution to take advantage of unique resources available to that institution. The Home Institution must approve the Alternative Study program for credit toward the student's Degree prior to the student's departure. The Accel payment must take place through the Home Institution.

906.8. Continuing Education and Audit Coursework.

A student is ineligible to receive Accel payment for coursework classified by his or her Eligible Postsecondary Institution as Continuing Education or Audit coursework.

906.9. Total Withdrawal from Coursework.

A student is ineligible for Accel payment for coursework from which he or she totally withdrew if, as a result, such coursework does not appear on the student's academic transcript as a "Withdrawal" or any other similar identification. (Refer to *Section 910.1*.)

907. Student Application Requirements.

907.1. Application Process.

- a. A student must complete an Accel Program Application and submit it to his or her Eligible High School for each school term (semester or quarter) for which he or she participates in the Accel Program.
- b. An authorized high school official will list on the application each Eligible High School Course the student will be substituting with a Degree course from the Eligible Postsecondary Institution the student will be attending as a Dual Credit Enrollment student. The authorized high school official will also certify that:
 1. The student meets the academic requirements of *Section 905.1.a.* of these regulations;
 2. The student has not yet received a high school diploma or GED;
 3. The student is Enrolled in good standing at the high school; and
 4. The student has been approved to be a Dual Credit Enrollment student through the advisement process at both the Eligible High School and the Eligible Postsecondary Institution, so that the postsecondary credit hours earned are applied to the student's high school graduation requirements.
- c. The completed Accel Program Application must be forwarded by the Eligible High School to the Eligible Postsecondary Institution the student will attend. An authorized postsecondary official will list each Degree course the student will take in place of an Eligible High School Course and certify that:
 1. The courses listed on the application are Degree courses that match the appropriate Eligible High School Courses, in accordance with the Course Directory. However, Dual Credit Enrollment students participating in the Advanced Academy of Georgia, located at the State University of West Georgia, and the Georgia Academy of Mathematics, Engineering, and Science (GAMES), located at Middle Georgia College, are not restricted, for purposes of Accel Program, to the core curriculum Eligible High School courses identified in the Course Directory. The authorized postsecondary officials of those two academies are responsible for approving coursework that is appropriate for inclusion in the Accel Program.
 2. The student is accepted as a Dual Credit Enrollment student at the Eligible Postsecondary Institution.
 3. The student meets federal Selective Service registration requirements.

4. The student is in compliance with the Drug-Free Postsecondary Act of 1990.
5. The student meets Georgia Residency and citizenship requirements of *Section 904*. of these regulations.
- d. An authorized official of the Eligible Postsecondary Institution must determine the number of Degree credit hours for which the student is Enrolled, calculate the correct Accel award amount, in accordance with *Section 908*., and invoice the Commission, in accordance with *Section 909*.

907.2. Application Deadline Date.

An application deadline date may be set by the Eligible High School or the Eligible Postsecondary Institution the student is attending. At a minimum, a student must file the application online or with the Eligible Postsecondary Institution's financial aid office on or before the last day of the school term (semester or quarter) or the student's Withdrawal Date, whichever occurs first, in order to be paid for that school term. The last day of the school term is the last day of classes or exams for the institution, whichever occurs later. Supplemental documentation required by the institution or the Commission to support or verify a student's application information may be submitted after the deadline without jeopardizing the student's eligibility.

907.3. Application Renewal.

A student must complete an Accel Program Application and adhere to the requirements of *Sections 907.1. and 907.2.* for each school term (semester or quarter) for which he or she participates in the Accel Program.

908. Award Requirements.

908.1. Award Amounts at Public Eligible Postsecondary Institutions.

- a. The Accel Program at USG and TCSG Eligible Postsecondary Institutions cover Tuition and Mandatory Fees. The Accel award amount for Tuition must not be greater than the in-state Tuition rate for the specific program of study of the public Eligible Postsecondary Institution or \$203.00 per semester hour or the corresponding quarter-hour equivalent, whichever is less. Award amounts may include cents and must not be rounded. The Accel funds awarded for Tuition and Mandatory Fees can only be applied to Tuition and Mandatory Fees, not other Cost of Attendance expenses.
- b. The Accel award amount includes a Book Allowance payment of \$100 per quarter or \$150 per semester, if the student is at least Half-Time (six or more hours). A student who is Enrolled for less than Half-Time will receive \$50 per quarter or \$75 per semester.
- c. A student's eligibility for the Book Allowance is based on his or her Enrollment status at the end of the first day of classes of the school term. If a student withdraws from courses on or before the first day of classes, his or her eligibility for the Book Allowance is calculated by using the hours for which he or she was Enrolled at the end of the first day of classes. If a student adds coursework after the first day of classes, bringing his or her total hours to six or more, the student is eligible for a full Book Allowance payment. A student who Enrolls after the first day of classes is eligible for a Book Allowance based on the number of hours for which he or she Enrolled. An institution that Disbursed the Book Allowance to a student who later drops or withdraws from courses is held harmless if the award was correct at the time of disbursement.
- d. If a student is Enrolled in two or more programs of study (Degree, Certificate, Diploma, or any combination) within the same term at the same institution, he or she shall only receive one Book Allowance award based on the total hours of Enrollment for that school term. A student Enrolled in two or more programs of study within the same school term at more than one Eligible Postsecondary Institution is eligible for a Book Allowance payment at each Eligible Postsecondary Institution.
- e. A student is eligible for the Book Allowance regardless of whether his or her Cost of Attendance or financial need is met or exceeded by other types or sources of student financial aid.
- f. The Eligible Postsecondary Institution must make funds for the Book Allowance available to the student for the purchase of books and supplies. Book Allowance funds cannot be applied by the Eligible Postsecondary Institution to a student's direct charges, such as fees, room, and meals,

unless the institution obtains written or electronic authorization from the student to do so.

908.2. Award Amounts at Private Eligible Postsecondary Institutions.

- a. The Accel award amount is a maximum of \$3,500 per Academic Year for students Enrolled at least 12 hours at a private Eligible Postsecondary level, as follows:

<u>Full-Time</u>	<u>Quarter System</u>	<u>Semester System</u>
Fall:	\$1,166	\$1,750
Winter:	\$1,167	-
Spring:	\$1,167	\$1,750

- b. The award amount is prorated for students Enrolled at private Eligible Postsecondary Institutions for 1 through 11 hours, as follows:

<u>Part-Time</u>	<u>Quarter System</u>	<u>Semester System</u>
Fall	\$97.22 per hour	\$145.83 per hour
Winter:	\$97.22 per hour	-
Spring:	\$97.22 per hour	\$145.83 per hour

908.3. Award Amount Reductions.

- a. Accel funds can only be applied to Tuition and fees, not other expenses such as room and board. If a student is receiving student aid from a source other than the Accel Program and such aid is required by the donor to be applied to the student's Tuition and fee charges, and such award plus the Accel funds are equal to or greater than the student's Tuition and fee charges, then the student's Accel award must be reduced, so that the total aid is equal to the Tuition and fee charges.
- b. A student's Accel award amount is not reduced if the student is receiving aid that is applied to educational expenses other than Tuition and fees, even if the student's total aid exceeds the Cost of Attendance budget.

908.4. Awards Per School Term.

The Accel Program is available to students for the standard school terms of fall, and spring semesters or fall, winter, and spring quarters. Accel funds are not available for summer terms. An institution may combine mini-terms or modules to form the equivalent of a standard semester or quarter. An institution may offer Non-Standard Terms or Non-Terms, in which courses or modules are taken consecutively to form the equivalent of a standard semester or quarter. Regardless of the structure of an Eligible Postsecondary Institution's school terms, a student must not receive Accel payment for more than two semesters or

three quarters per Award Year. No student may receive Accel payments for more than four semesters or six quarters.

908.5. Student Notification of Award.

Eligible Postsecondary Institutions should notify each Accel recipient of the amount he or she is awarded for the Award Year, and identify such funds as an Accel Program award.

(The remainder of this page is intentionally blank.)

909. Invoicing Requirements.

909.1. Submission of Invoices.

Eligible Postsecondary Institutions may submit Accel Program invoices to the Commission as early as 15 days prior to the first day of classes for the school term.

909.2. Payment of Invoices.

Accel funds are paid to Eligible Postsecondary Institutions by check or electronic transfer of funds on behalf of eligible students each school term upon submission to the Commission of an Accel Program invoice.

909.3. Crediting of Student Accounts.

- a. Upon receipt of Accel payments from the Commission, a public (USG or TCSG) Eligible Postsecondary Institution must credit the amount of payment on behalf of an eligible student to the account of the student, toward Tuition and HOPE-approved Mandatory Fees. Funds for the Book Allowance must be made available to the student for the purchase of books and supplies. Book Allowance funds cannot be applied by the Eligible Postsecondary Institution to a student's direct charges, such as fees, room, and meals, unless the institution obtains written or electronic authorization from the student to do so.
- b. Upon receipt of Accel payments from the Commission, a private Eligible Postsecondary Institution must credit the amount of payment on behalf of an eligible student to the account of the student, toward Tuition and fees.

(The remainder of this page is intentionally blank.)

910. Student Refund Requirements.

910.1. Calculation of Refund Amounts.

- a. If the student officially withdraws, drops out, drops hours, is expelled, or otherwise fails to complete a period of Enrollment, and is entitled to a refund, a portion of such refund may need to be returned to the Accel fund. A student is ineligible for the Accel funds for coursework from which he or she totally withdrew if, as a result, such coursework does not appear on the student's academic transcript as a "Withdrawal" or any other code or identification for such a withdrawal. If the Eligible Postsecondary Institution invoiced the Commission prior to the student's total withdrawal, then the institution must cancel the student's Accel award for that term, through the SURFER system.
- b. To determine the refund to the Accel Program, the institution must apply the institution's refund policy to the student's Accel award amount. The Book Allowance awarded to the student attending a TCSG or USG institution is not included in the refund calculation.
- c. The Eligible Postsecondary Institution must post the refund on the student's record in the Commission's SURFER system within 45 days of the determination and return that amount to the Commission at the time of the Award-Year Reconciliation. The remainder of the Accel award amount is retained by the institution to cover the institution's cost for the portion of the school term that the student was Enrolled.

910.2. Collection of Refund Amounts.

A student who owes a refund to the Commission should pay the Eligible Postsecondary Institution and the Eligible Postsecondary Institution should pay the Commission or, at its sole discretion, the Commission may require the student to pay the refund directly to the Commission. Nothing herein shall be deemed to prohibit the Commission or the Eligible Postsecondary Institution from using all available legal and equitable remedies to collect the refund.

911. Reconciliation Requirements.

911.1. Term-Reconciliation.

The Eligible Postsecondary Institution must conduct a Term-Reconciliation near the end of each term. A Term-Reconciliation consists of an official acknowledgement by an authorized school official that the number of students submitted for payment, the amount invoiced by the institution, the number of students awarded and the amount issued by the Commission, according to the SURFER system, is accurate on that date. The Commission will not issue Accel funds for the following term until the Term-Reconciliation is complete. Surplus funds are not returned to the Commission as part of the Term-Reconciliation process.

911.2. Award-Year Reconciliation.

In addition to the Term-Reconciliations, the Eligible Postsecondary Institution must conduct the Award-Year Reconciliation. The institution must conduct a complete student-by-student Award-Year Reconciliation with the Commission, and submit a Reconciliation Certification Form to the Commission by August 1, immediately following the completion of the Award Year.

911.3. Return of Funds.

The institution must return to the Commission any Accel funds not utilized according to the Award-Year Reconciliation within 30 days of completing the Award-Year Reconciliation process. The institution must have a procedure in place to ensure that the Accel funds do not go to an unintended third party (i.e. state, institution).

912. Records Retention Requirements.

912.1. Length of Retention.

An Eligible Postsecondary Institution shall maintain accurate records, books, documents and other evidence concerning the Accel Program, including, but not limited to, individual student files for the later of three years after the Award Year in which the aid was awarded, or for such other period as required by an applicable statute, rule, or regulation or such other time as requested in writing by the Commission.

912.2. Documentation.

- a. Documentation contained within an individual student file or record, which supports the original determination of a student's eligibility, must be retained by the institution and available for review by the Commission on the institution's campus, located within the State of Georgia, for at least three years after the most recent Award Year for which the student received Accel funds. (Refer to *Section 914.*) Institutions are permitted to maintain these documents in an imaged media format. The imaged media format must be capable of reproducing an accurate, legible, and complete copy of the original document.
- b. Such documentation may include, but is not limited to, copies of permanent resident alien cards, Georgia state income tax returns, student financial aid applications and academic transcripts from previous institutions. Documentation regarding a student's eligibility is not limited to files, records, and other information received and maintained by the institution's student financial aid office. Documentation supporting a student's eligibility that is received and maintained by the institution's admissions office, registrars office, business office, and other administrative operations of the institution must be available to the Commission for the purpose of Compliance Reviews. It is the institution's responsibility to resolve any inconsistencies or conflicting information within a student's records, prior to awarding or disbursing funds to the student.

912.3. Extended Retention.

An institution may be required to retain student records involved in a Compliance Review, audit, or investigation for more than the three-year retention period described above. If the three-year retention period expires before the issue in question is resolved, the institution must continue to retain all associated records until resolution is reached.

913. Appeals and Exceptions.

913.1. Appeals.

- a. The Accel Program Regulations are applied to each student considered for such funds by appropriate officials of Eligible Postsecondary Institutions and by the administrative staff of the Commission. If a student believes an Accel Program rule or regulation was incorrectly applied in his or her case, the student has the right to file an Appeal with the Commission. The Commission will review the case and determine whether the rule or regulation was applied correctly and notify the student and institution of the determination.
- b. In order for an Appeal to be considered, the student must write a request for an Appeal to the Commission office within 45 days of receiving notice of denial. If additional information is requested from the student, it must be provided within the time frame specified by the Commission. The Commission decides a case based only on documentation provided by the student, rather than a personal presentation.

913.2. Exceptions.

No requests for Exceptions to the Accel Program Regulations will be considered, reviewed, or granted by the Commission or an Eligible Postsecondary Institution under any circumstances.

(The remainder of this page is intentionally blank.)

914. Compliance Reviews.

914.1. Compliance Review Policy.

The Commission may conduct Compliance Reviews of Eligible Postsecondary Institutions participating in the Accel Program in order to assess institutional administration of the program and compliance with the program's regulations. Compliance Reviews are conducted in accordance with the Commission's *Compliance Review Process and Procedures* document, which is available on the *gsfc.org* website, under *School and Lender Information - Compliance Documents*.

914.2. Compliance Review Process.

The Commission selects a sampling of the institution's recipients, for the Award Year under review, and the institution's files and records for the sample are examined to assure compliance. Each Eligible Postsecondary Institution must have all student-records, which document and support the eligibility of that institution's recipients, available for review by the Commission on the campus of the Eligible Postsecondary Institution, and such campus must be located within the State of Georgia. (Refer to *Section 912*.)

914.3. Institutional Repayment.

- a. If a recipient is determined to be ineligible for payment, the institution may be required to repay to the Commission the funds awarded to the recipient.
- b. If later evidence, not available at the time of awarding, indicates that a student should not have received Accel funds, then all future Accel awards must be canceled. The Eligible Postsecondary Institution is held harmless by the Commission, if the student's file is appropriately documented with available evidence and it is determined by the Commission that the institution was not at fault. Evidence is considered unavailable at the time of awarding if it is not available in the student's institutional files (i.e. financial aid, admissions, registrar, etc.). The institution must notify the student and the Commission of a refund due. The student will be ineligible to receive additional state aid from the Commission until the refund is paid in full, in accordance with *Section 904.6*. If the student's file is determined not to be adequately documented by the Commission, then the Eligible Postsecondary Institution may be responsible for the repayment.

915. APPENDIX – STUDENT PARTICIPATION GUIDELINES.

Careful consideration should be taken before a decision is made to participate in the Accel Program. The high school student, his or her parents, the high school counselor and principal, and officials of the Eligible Postsecondary Institution should be confident that it is in the best interest of the student to participate in Accel. It is critical that students understand that the credit hours for which they receive payment from the Accel Program will be included in the maximum total number of credit hours of payment they can receive from the HOPE Scholarship Program, after they graduate from high school. The following factors should be assessed before a student enters into the Accel Program.

- It is important for the student and his or her parents to have a serious and open discussion of the student's postsecondary educational and career goals.
- A high school student's social and emotional maturity can often be the major determinate of success as a Dual Credit Enrollment student.
- The quality and quantity of the academic coursework the student has completed, as early as the 8th grade, should be evaluated to determine exactly what additional coursework is required to meet high school graduation requirements and what coursework the high school can offer the student for the remainder of his or her high school studies.
- Although the Accel Program does not mandate specific academic requirements for participation, it is important for the student to understand that college credit hours earned at a private college or university as a Dual Credit Enrollment student, are not transferable to a University System of Georgia institution unless the student has achieved at least a 970 SAT score and earned a 3.00 cumulative grade point average. These requirements may be used as a guideline when deciding upon participation in the Accel Program.
- As the student and his or her parents make this major decision, full advantage should be taken of the knowledge and experience of officials at the student's high school and at the Eligible Postsecondary Institution the student plans to attend.

Be sure to carefully read *Section 905.3. – Impact on Future HOPE Eligibility* of these program regulations.
