Creekside High School has been selected as the GACollege411 School of the Month for April 2010. The school was nominated by Constance Morman, Parent Liaison. Constance shares the following about their use of GACollege411.

“As a Career Awareness activity, the senior counselor invited all parents of seniors to participate in a “Be There” activity. Four labs remained opened during the hours of 4p.m. to 7p.m. Parents came in to make use of Parent Connect. This was a two day event. Parents could research colleges along with their students, review the student’s career planning activities, and update the portfolios. They were also encouraged to begin the Financial Aid process, etc. This process allowed parents to have counselors on hand to answer questions and to assist the counselors in pushing their students along in completing the application process. It was a huge success. Over 100 participants attended.”

Creekside High School will receive a plaque celebrating their recognition as GACollege411 School of the Month.
